Dear SDSU Instructors,

Thank you for your interest in the Library’s online information literacy tutorial, "Plagiarism: The Crime of Intellectual Kidnapping." This is a self-directed, 30-minute tutorial that teaches students about plagiarism, paraphrasing, and citing sources. The quiz helps them determine their ability to recognize and avoid plagiarism.

Students take this tutorial outside of class time and receive a score on screen that they can print and submit to you as proof of completion. We think that this is a good supplement to any library hands-on visits you have scheduled. View the tutorial at http://library.sdsu.edu/guides/tutorial.php?id=28

**Quiz System and Blackboard**
Unfortunately, the current quiz system does not communicate with the Blackboard Gradebook. We are asking that your students print their quiz results and submit the printout (or upload a saved file online) for credit, if required. We are working on a home-grown quiz system that we hope will be able to output the quiz results in a format that is easy for faculty to use.

**Registering Your Course for a Tutorial**
If you would like students in a specific course to complete the tutorial, please let us know in advance of assigning the tutorial to your students. We will add your course information to the pull-down menu of the Plagiarism quizzes. To register, please fill out the online form at:

http://library.sdsu.edu/infotutor/library-tutorials/register-class-library-tutorial

As always, we encourage you to discuss this and other library resources with your library subject specialist: http://library.sdsu.edu/people/biblist.php
